

Application for Double Major or Dual Degree

NOTE: Please refer to the current issue of The Campbell University Bulletin for detailed information about *double majors* and *dual degrees*. Certain requirements and restrictions apply to candidates for double majors & dual degrees. Confirm with the Academic Adviser or the Registrar that you have satisfied the requirements for a double major or dual degree as specified in the Bulletin. The Bulletin is available online at www.campbell.edu. Students should have at least a 3.000 GPA before starting a double major or dual degree program.

DEFINITIONS:

Double Major: Student is completing one (1) General Core Curriculum (GCC) and two (2) Major Curriculums and will show as such in the student's Web Access. Student will receive one (1) diploma at graduation & transcript will reflect the two majors. If the major is in the same degree (BA, BBA, BS etc.), the student will always be a double major because the GCC is the same. For Double Majors, the bachelor's degree will always be associated with the *primary* major.

Dual Degree: Student is completing two (2) General Core Curriculum and two (2) Major Curriculums. Student will receive two (2) diplomas at graduation & transcript will reflect both degrees and majors. If the degree (BA, BS, BBA etc.) is different, the student can be either a Dual Degree or a Double Major. Student must specify which they are pursuing.

*Since the requirements for the major/degrees vary by department, the student must select one as a *primary*. Once this is selected it cannot be changed. In the event of misunderstandings or conflicts with respect to requirements with one of the majors, the problem must be resolved by the department chair of the department where the problem arises.*
