

TouchNet Access

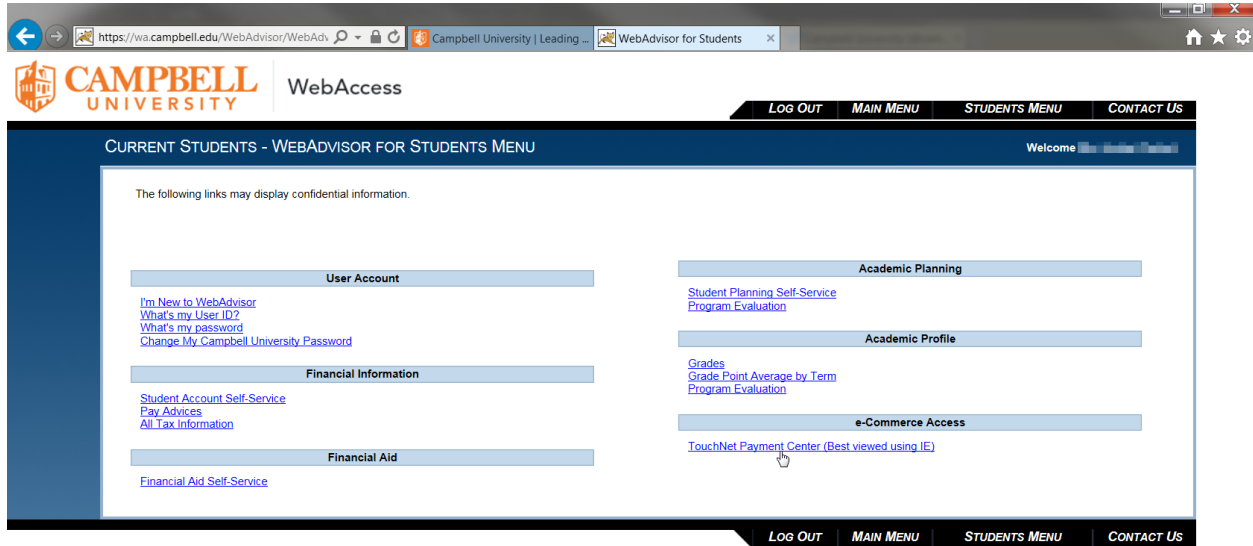

- Using Internet Explorer, visit www.campbell.edu and click the “Login” button found at the top right side of the page. Then you will click the “WebAccess” button.

- You will be redirected to the main WebAccess page. From here you will need to click the “Log In” button and enter your credentials.

- Click the Current Students tab to access the student menu. From here you will click the “TouchNet” link at the bottom right of the menu. This link should redirect you to the TouchNet page without asking for additional credentials.

- From the main TouchNet page, you can make a payment, view account activity, sign up for e-Refunds or edit account information, set up a parent or guardian as an Authorized User, and stay up to date on what’s happening with your student account.
