

Campbell University (CU) Default Rate Disclosure

A cohort default rate (CDR) is the percentage of a school's borrowers who enter repayment on certain Federal Family Education Loan (FFEL) Program or William D. Ford Federal Direct Loan (Direct Loan) Program loans during a particular federal fiscal year (FY), October 1st to September 30th, and default or meet other specified conditions prior to the end of the second following fiscal year. The U.S. Department of Education releases official cohort default rates once per year. Should the CDR rise above the national cohort default rate, the Office of Financial Aid will report it on this page as soon as notified by the U.S. Department of Education.
