Annual Security Report

This report contains both the Annual Security Report and Fire Safety Report for Campbell University and has been prepared in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (also known as the Clery Act) 20 U.S.C. 1092(f). It is produced annually and is available for viewing via internet and is publicly available.

Compiled by: Campbell University Campus Safety with submissions from: University Counsel, Title IX, Office of Student Life & Christian Mission, Student Handbook, Employee Handbook, Human Resources, and other University departments.

Further information about Campbell University policies, regulations, fire safety, and security services is available in the student handbook and online at www.campbell.edu.

The Campbell University Campus Safety Office is responsible for preparing and distributing an Annual Security Report per the Campus Security Act, which requires colleges and universities to publish an annual report every year by October 1st that contains three years of campus crime statistics and certain campus policy statements.

Campbell University Campus Safety works closely with several other departments, among them; Student Life & Christian Mission and the VP of SL & CM, Title IX Coordinator, Residence Life, Facilities Management, as well as the Harnett County Sheriff's Office and other law enforcement agencies in compiling this report.

This report is available on the Campbell University web page at www.campbell.edu under the Campus Safety section, or at <https://www.campbell.edu/campus-safety/crime-statistics/>. Paper copies are available during regular business hours at Campbell University Campus Safety located at 520 Leslie Campbell Avenue Lillington, NC 27546.

Campbell University Campus Safety Overview

Campus Safety is active in its goal to help keep Campbell University a safe and secure environment to learn, work, and live. We strive to provide quality law enforcement and security services to our students, faculty, and guests. We work diligently to support, protect, and serve the University through professional services.

The department is located at 520 Leslie Campbell Avenue Lillington, North Carolina. Campus Safety is available 24/7 to assist the University. Campus Safety can be reached at 910-893-1375 (non-emergencies) or by dialing 1911 from a university phone line.

Maintaining a safe environment cannot be accomplished without the assistance and cooperation of the entire Campbell University community. Safety is a shared responsibility.

Campus Safety is a service of Student Life & Christian Mission. Campus Safety has two divisions to meet its goals and missions: University staff members and Harnett County Deputies. Within the University staff members there are Security Officers, Telecommunications, Parking Services, and Records. Campus Safety works directly with SL & CM leadership on both a day-to-day basis and in emergency situations.

Campus Safety also works in planning and staffing security for events including football, basketball, Campbell graduation ceremonies, high school graduations hosted on-campus, Special Olympics, Education Day, concerts, parades, 5K runs, charitable events, election day events and move-in days.

Campbell University provides security to its campus through Campus Safety and the Harnett County Sheriff's Office. There are six full-time Deputy Sheriffs assigned to Campbell University through a contract with the Harnett County Sheriff's Office to provide 24/7 law enforcement services. All resources of the Harnett County Sheriff's Office are available to Campbell University at any time. The Director of Campus Safety is a full-time Harnett County Deputy Sheriff who holds the rank of Captain in the Sheriff's Office. The Director of Campus Safety reports to the Campbell University Vice President of Student Life & Christian Mission. There is also an Assistant Director of Campus Safety who is a Campbell University employee. Campus Safety contains the following departments: Parking Services, Data Entry/Records, Telecommunications and Security. Members of the Security Officer staff include employees who are current or retired law enforcement from North Carolina and other states, Probation/Parole Officers and Department of Corrections employees, and United States military. Both full-time and part-time employees of Campus Safety receive mandatory training classes in CPR, Automatic Defibrillator Operation, and are offered additional training classes (Advanced Security Officer Training) outside of Campbell. Deputies, Security Officers, and Telecommunicators are on duty at Campbell 24 hours a day, 7 days a week, 365 days a year.

The Harnett County Deputies assigned to Campbell University have full law enforcement jurisdiction and arrest powers, both on campus and off campus anywhere inside of Harnett County. The Security Officers, who work closely with the Deputies, are normally assigned to work on the main campus but are available for situations off campus, such as transports and special events. The Deputies at Campbell University wear a recognizable uniform that is the same as other Harnett County Deputy Sheriffs. They drive distinctive marked patrol cars. The Security Officers wear a standard uniform that is different from the Deputies, but plainly visible as being a Security Officer. The most common mode of transportation for Security Officers is walking or on UTVs.

Athletic and special events, such as concerts, are staffed by both Harnett County Deputies and Campbell Security Officers. Campus Safety works with EMS, the Fire Marshal's Office, and local fire departments during larger events.

Campus Safety maintains a fully staffed Communications Center inside the Campus Safety building on campus that is always operational. The Communications Center has immediate access to contact the Sheriff's Office and local Fire and Rescue agencies during times of emergency. Campus Safety Telecommunications is prepared to handle calls including but not limited to, medical calls, injuries, crimes in progress, and fire alarms. Telecommunications also takes non-emergency calls for service, such as unlocks and requests for directions. Minor parking lot traffic collisions that occur on campus can be reported to the Sheriff's Office. Traffic accidents with more severe damage, occurring on roadways, or with injuries, are reported to the North Carolina State Highway Patrol for investigation.

The primary goal of Campus Safety is to maintain a safe and secure campus for Campbell University. The Campus Safety webpage can be viewed at; <http://www.campbell.edu/life/campus-safety/>. This webpage contains additional information from parking rules and regulations to general safety tips.

Summary of the Jeanne Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092 (f)) is a federal law passed in 1990 as an amendment to the Higher Education Act of 1965. Otherwise known as the Clery Act, it mandates that all colleges and universities that receive federal financial assistance must disclose certain timely and annual information concerning campus crime and safety. Each year the updated report must be made available and distributed online and upon request to current students and employees. Prospective students and employees also must be made aware of the availability of the report. In 1990, Congress enacted the *Crime Awareness and Clery Act* (Title II of Public Law 101-542), which amended the *Higher Education Act of 1965* (HEA). This act required all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998 and 2000. The 1998 amendments renamed the law the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* in

memory of Jeanne Clery, a student who was slain in her dorm room in 1986. The *Clery Act* requires higher education institutions to give timely warnings of crimes that represent a threat to the safety of students or employees, and to make public their campus security policies. It also requires that crime data be collected, reported, and disseminated to the campus community and submitted to the U.S. Department of Education. The act is intended to provide students and their families, as higher education consumers, with accurate, complete, and timely information about safety on campus so that they can make informed decisions.

The Campus Security Act requires colleges and universities to:

- Publish an annual report every year by October 1st containing the last three years of campus crime statistics and fire safety statistics as well as certain campus security policies.
- Disclose crime statistics for the campus public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police, local law enforcement agencies, and other University officials who have significant responsibility for student and campus activities.
- Provide timely warning notices of those crimes that have occurred and pose an ongoing “threat to students and employees.”
- Implement emergency notification procedures if there is an immediate threat to the health or safety of students or employees on campus.
- Disclose in a public crime log “any crime that occurred on campus or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department.”
- Maintain a public fire log, which is a record of any fire that occurred in an on-campus student housing facility.
- Disclose any agreements with state and/or local law enforcement.

Violence Against Women Reauthorization Act

In 2013, the Violence Against Women Reauthorization Act made additional changes to the Clery Act. New crimes were added to those that must be reported and new protected statuses were added as hate crime criteria. In addition, institutions are now required to provide primary prevention and awareness programs to all incoming students and new employees to include certain requirements in the grievance procedures associated with sexual assault, domestic violence, dating violence, and stalking, and to provide written information to students and employees who are victims of certain crimes.

Crime Definitions from the Uniform Crime Reporting Handbook:

Primary Crimes:

Murder and Non-Negligent Manslaughter – the willful (non-negligent) killing of one human being by another.

Manslaughter by Negligence – the killing of another person through gross negligence.

Sexual Assault – Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- **Fondling** - The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

- **Statutory Rape** - Sexual intercourse with a person who is under the statutory age of consent.

Larceny/Theft — the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Attempted larcenies are included.

Simple Assault — an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

Intimidation — to unlawfully place another person in reasonable fear of bodily harm by way of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack.

Destruction/Damage/Vandalism of Property (except Arson) — to willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Hate Crime – A criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. This definition includes all of the crimes listed above that manifest evidence that the victim was chosen based on one of the categories of bias listed below:

Categories of Bias:

Race – A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, blacks or African Americans, whites.

Religion – A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.

Sexual Orientation – A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation. Sexual Orientation is the term for a person’s physical, romantic, and/or emotional attraction to members of the same and/or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.

Gender – A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.

Gender Identity – A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g. bias against transgender or gender non-conforming individuals. Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditional male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.

Ethnicity – A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term “race” in that “race” refers to a grouping based mostly upon biological criteria, while “ethnicity” also encompasses additional cultural factors.

National Origin – A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.

Disability – A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Hierarchy Rule

A requirement in the FBI’s UCR program that, for purposes of reporting crimes in that system, when more than one criminal offense was committed during a single incident, only the most serious offense be counted.

VAWA Offenses

Dating Violence – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For purposes of this definition dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse and dating violence does not include acts covered under the definition of domestic violence.

Domestic Violence – A felony or misdemeanor crime of violence committed:

By a current or former spouse or intimate partner of the victim;

By a person with whom the victim shares a child in common;

By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;

By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or,

By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Stalking – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to-

- (a) Fear for the person's safety or the safety of others; or
- (b) Suffer substantial emotional distress.

For purposes of this definition –

Course of Conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Geography

Under the Clery Act, the on-campus category of geography encompasses any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within, or reasonably contiguous to, the geographic area described above that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

The first part of this definition states that, for Clery reporting purposes, Campbell's campus includes buildings and properties that meet all of the following criteria:

- Campbell University owns or controls them.

- They are reasonably contiguous to one another; and
- They directly support or relate to Campbell University educational purposes.

Campbell University's Main Campus is located at 143 Main Street, Lillington (Buies Creek), North Carolina.

Relationship with Local Law Enforcement

Campbell University is not within a municipality and therefore the Harnett County Sheriff's Office has jurisdiction and handles criminal investigations that occur on university property and the surrounding area. Campbell University has a contract with Harnett County and the Harnett County Sheriff's Office to provide law enforcement for the campus. The Harnett County Sheriff's Office has Deputies on-duty at all times.

Campbell University has the full resources available of the Harnett County Sheriff's Office, including its Crime Scene Investigations, Detective Division, Crime Prevention Division, Patrol Division, Narcotics Division, and Traffic Enforcement.

Crime Prevention

Together with other campus offices, Campus Safety provides crime prevention programs to enhance personal safety and teach proactive crime reduction strategies.

A goal of all the University's campus crime prevention programs is to educate on how to reduce the chances of being a crime victim. Everyone has a responsibility to help prevent crime and to promote personal safety. When crimes and accidents occur, trained and qualified individuals from the University are prepared to respond and provide assistance.

Campus Safety provides handouts and information to both students and parents. At the beginning of a semester, new resident students must attend a meeting with their Resident Director. Residence hall policies and issues related to general security are among the discussions at these meetings. Resident Directors receive information on a variety of safety and security issues as part of their training. In addition, Resident Directors are expected to provide additional programming during the year on a variety of topics, including safety and security issues. Crime prevention materials are available at Campus Safety. Campus Safety partners with the Harnett County Sheriff's Office on crime prevention campaigns in neighborhoods where many students, staff, and faculty live.

Crime Prevention Programs

Crime prevention is an important part of Campus Safety and the entire University. Campbell encourages community members to be aware of their surroundings, both on and off campus, and to take responsibility for their own safety and that of others. Campus Safety promotes and has participated in the following crime prevention events:

1. Orientation – During Orientation weekends the Director of Campus Safety meets with both parents and students and delivers presentations about safety on the campus of Campbell University.
2. Visitation Days – Campus Safety works with Campbell University's Admissions Department to present campus safety information to incoming and potentially incoming students to the University.
3. Welcome Week – During Welcome Week at Campbell University, Campus Safety and the Harnett County Sheriff's Office participate in the Street Fair event to provide students with Campus Safety information and phone numbers.
4. Presentations are given in residence halls by Harnett County Deputies as requested.

5. The Director of Campus Safety makes presentations regularly at various events, residence halls, employee training sessions, and in classrooms.
6. The Director of Campus Safety works with instructors with the Campbell University pharmacy program to present material that covers what an employee of a pharmacy should do during a robbery and dealing with confrontational customers.
7. Campus Safety works with, and has access to, all of the resources of the Harnett County Sheriff's Office full time Crime Prevention Officer who has assisted with events at Campbell University. The Harnett County Sheriff's Office Narcotics Division meets each year with Community Assistants in a training session to instruct them on how to appropriately address drug issues in residence halls.
8. Campus Safety has a Student Transport Program available 24/7 to those who wish to participate that is free of charge.
9. The University newspaper, The Campbell Times, has printed articles discussing crime prevention.
10. Campbell University Campus Safety has crime prevention tips listed on its web page, in the front lobby of the Campus Safety building, and distributes flyers and reminders involving crime awareness.
11. Operation Identification – Parking Services provides free bicycle, skateboard, and scooter registration for those who wish to register their property with Campus Safety to record their serial number in the event the item is reported stolen.
12. During Welcome Week the Buies Creek Fire Department creates a mock residence hall room on-campus that is set on fire to demonstrate potential fire dangers and fire safety importance.
13. In 2016 construction was completed on a pedestrian tunnel underneath Highway 421 to eliminate the need of crossing the highway on foot. The pedestrian tunnel is equipped with lighting, security cameras, and an emergency call box.
14. In 2018 an additional sidewalk was completed that entirely encompasses the outer walking area of main campus.
15. Campbell University has a program in place with the Harnett County Courts for Campbell students who owe Community Service hours to complete their hours on-campus.

17. Bicycle Patrol Program: The Campbell University bicycle patrol program began in the summer of 2015. Presently, one veteran deputy is dedicated to this program. In addition to performing the regular duties of a deputy sheriff, the bike patrol deputy patrols the campus and provides high visibility for the safety of the university.
18. In 2019 a Bike Patrol for Security began, with one Officer currently dedicated to the unit.
19. Crime Prevention through Environmental Design: crime prevention through environmental design focuses on activities and people in such a way as to maximize visibility, which enhances the aesthetic qualities of the campus and increases its safety. The installation of lighting and the clearing of shrubbery along walkways have helped to make the campus a much safer environment for pedestrians. If you notice areas that need attention, or lights that are not working, please report it to Campus Safety at 910-893-1375.
20. Campbell assigned Deputies were trained and issued RADAR for speed zone reduction and enforcement.

Warning Signs of Abusive Behavior and Future Risks

A person who is the victim of sexual assault, domestic violence or dating violence is more likely to be re-victimized. Below are some tips to help reduce your risk, recognize warnings signs of abusive behavior, and avoid potential attacks.

Warning Signs of Abusive Behavior

- Domestic and dating abuse often escalates from threats and verbal abuse to violence. While physical injury may be the most obvious danger, the emotional and psychological consequences of domestic and dating violence are also severe.
- Warning signs of dating and domestic violence include:
 - o Being afraid of your partner.
 - o Constantly watching what you say to avoid a “blow up.”
 - o Feelings of low self-worth and helplessness about your relationship.
 - o Feeling isolated from family or friends because of your relationship.

Help Reduce Your Risk and Avoid Potential Attacks

- If you are being abused or suspect that someone you know is being abused, speak up or intervene.
- Get help by seeking information and support services from the Campus Safety Office or other organizations listed in this document.
- Learn how to look for “red flags” in relationships so you can learn to avoid some of those characteristics in future partners.
- Consider making a report with the Harnett County Sheriff’s Office, the Office of Student Life & Christian Mission, or the Title IX Coordinator.
- Consider getting a Protective Order or a No Contact order from the courts.

Sexual Assault Prevention

- Be aware of rape drugs.
- Only drink from unopened containers or from drinks you have watched being made and poured.
- Avoid group drinks like punch bowls.
- If you feel extremely tired or drunk for no apparent reason, you may have been drugged. Find your friends and ask them to leave with you as soon as possible.
- If you suspect you have been drugged, go to a hospital, and ask to be tested.
- Avoid giving out your personal information (phone number, where you live, etc.)

Walking Around Campus

- Make sure your cell phone is accessible and fully charged.
- Be familiar with where emergency phones are installed on the campus.
- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- Walking back from the library late at night is sometimes unavoidable, so try to walk with a friend, or call Campus Safety for a transport.

Reporting and Responding to Incidents

Students, employees, and visitors are encouraged to report any criminal offense, suspected criminal activity, or other emergency directly to Campus Safety. There are different options available to do this. The first is to call directly to Campus Safety at the non-emergency number of 910-893-1375. Students and employees are encouraged to store this number in their cell phone to use in case of needing a non-emergency service from Campus Safety. From any landline phone on campus, Campus Safety can be reached by dialing 1-9-1-1. Dialing 9-1-1 will put you in contact with the 911 Center in Lillington at the Harnett County Sheriff's Office which can also dispatch emergency services to Campbell University. Campus Safety can also be immediately reached by pressing the button once on any of the Emergency Call Boxes located throughout the campus. The Call Boxes are bright orange and are equipped with a blue light on top and a speaker system that enables the person at the box to speak directly with Campus Safety Communications. There is also a system of fire alarms in most on-campus buildings that requires immediate response when activated.

Voluntary and Confidential Reporting

Occasionally, victims of crime wish to make a report but do not want to be identified or pursue additional services through the court system.

A “Silent Witness” feature is available on the Campus Safety web page at:

<http://www.campbell.edu/life/campus-safety/silent-witness/>

This page may be used to submit any information regarding a suspicious person, any suspicious activity, or a crime that has occurred on or off campus. These campus tips are forwarded to Campus Safety.

As allowed by the Clery Act, pastoral and professional counselors who receive reports are not required to report these crimes to Campus Safety for inclusion into the campus crime statistics or for the purpose of a Timely Warning. These positions are defined as follows:

Pastoral Counselor - a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor – a person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Certain other university departments may accept confidential reports from a victim. The Clery Act requires these departments to report the crime to Campus Safety. This reporting allows the university to maintain accurate records on the number of incidents, determine if there is a pattern of crime regarding a particular location, method, or assailant, and alert the campus community of an ongoing threat if needed.

Reporting to the Title IX Coordinator and/or Residence Life

In addition to reporting criminal incidents to the Sheriff’s Office and Campus Safety, individuals may also report criminal incidents to the Title IX Coordinator or authorities within Residence Life. Reports of sexual assault, domestic violence, dating violence, or stalking can be reported to the Title IX Coordinator, who will not involve law enforcement unless the victim wishes to do so.

Definition of Campus Security Authorities (CSAs)

Campus Security Authorities (defined as an official of an institution who has the significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution) who are notified of crimes or other serious incidents are required to notify Campbell University Campus Safety. Pastoral and professional counselors, if and when they deem appropriate, may inform the individuals whom they are counseling of appropriate procedures to report crimes on a voluntary, confidential basis. The university does not permit discrimination or harassment in our programs and activities on the basis of race, color, ethnicity or national origin, sex, gender identity, disability, age, religion, status as a protected veteran, or any other characteristic protected by institutional policy or state or federal law. Students who believe they have been subjected to discrimination or harassment in violation of Title IX should follow the procedures outlined to report these concerns immediately to the Title IX Coordinator.

Title IX prohibits retaliation by any student and/or employee against anyone who reports an alleged Title IX violation.

Inquiries, regarding the application of Title IX and other laws, regulations and policies prohibiting discrimination may be directed to:

B. Campus Life Policies and Practices

Campbell University is fortunate to have a very safe campus. Nevertheless, the possibility of rape, date rape, and sexual assault exists, just as it exists on any campus. The University's approach to addressing this problem is threefold: first, to educate the campus community as a means of prevention; second, to deter such acts through legal prosecution and the imposition of sanctions; and third, to provide assistance to victims.

Educational programs are conducted through several offices. The Campus Life Office addresses rape, date rape and sexual assault at residence hall programs. Student Support Services provides video lectures, seminars, literature, video and audiotapes, and personal counseling. Additionally, Campus Safety provides informative materials and presentations to campus organizations and residence halls. Counseling options are listed in this publication in the Campus Services section.

C. Definitions

Sexual Harassment: Any unwelcome conduct of a sexual nature and can include unwelcome sexual advances, requests for sexual favors, and other verbal, or physical conduct of a sexual nature, such as assault or acts of sexual violence. Examples of sexual conduct include:

- making sexual propositions or pressuring students for sexual favors
- touching of a sexual nature
- writing graffiti of a sexual nature
- displaying or distributing sexually explicit drawings, pictures, or written materials, or through social media
- performing sexual gestures or touching oneself sexually in front of others
- telling sexual or dirty jokes
- spreading sexual rumors or rating other students as to sexual activity or performance; or
- circulating or showing e-mails or Web sites of a sexual nature.

Hostile Environment. Harassing that was conduct sufficiently serious-that is sufficiently severe or pervasive-to deny or limit a student's ability to participate in or benefit from the university's program based on sex.

Discrimination: Any distinction, preference, advantage for or detriment to an individual compared to others that is based upon an individual's actual or perceived gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion or sexual orientation that is so severe, persistent or pervasive that it unreasonably interferes with or limits a student's ability to participate in or benefit from the university's educational program or activities.

Discriminatory Harassment: Detrimental action based on an individual's actual or perceived gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion, sexual orientation, or other protected status that is so severe, persistent, or pervasive that it unreasonably interferes with or limits a student's ability to participate in or benefit from the university's educational program or activities.

Retaliatory Harassment: Intentional action taken by an accused individual or allied third party, absent legitimate non-discriminatory purposes, that harms an individual as reprisal for filing or participating in a proceeding under this policy or any other grievance or disciplinary proceeding.

Sexual Harassment of a Student by another Student. Any unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature by a student toward another student that is so severe, persistent, or pervasive that it unreasonably interferes with or limits a student's ability to participate in or benefit from the university's educational program or activities.

Sexual Harassment of a Student by a Faculty/Staff Member. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature by a faculty or staff member toward a student are held to constitute sexual harassment when:

- Submission to such sexual conduct is made either explicitly or implicitly a term or condition of rating an individual's educational development or performance; or
- Such conduct is so severe, persistent, or pervasive that it unreasonably interferes with or limits a student's ability to participate in or benefit from the university's educational program or activities.

While a particular interaction must be offensive to both a reasonable person and to the victim to be defined as harassment, faculty and staff members and other persons of authority should be sensitive to questions about mutuality of consent that may be raised and to the conflict of interests that are inherent in personal relationships that result from professional and educational interactions. Harassment is particularly damaging when it exploits the educational dependence and trust between students and faculty/staff. When the authority and power inherent in faculty/staff relationships with students, whether overtly, implicitly, or through misinterpretation, is abused in any way, there is potentially great damage to the individual student, to the accused individual, and to the climate of the institution.

D. Procedures

When a complaint is filed alleging discrimination or harassment in violation of Title IX as defined herein, the process involves an immediate initial inquiry to determine if there is reasonable cause to believe the discrimination or harassment has occurred. If so, the University will initiate a prompt, thorough and impartial investigation. This investigation is designed to provide a fair and reliable determination about whether the discrimination or harassment has occurred. If so, the university will implement a prompt and effective remedy designed to end the discriminating or harassing conduct, prevent its recurrence and address its effects.

If deemed necessary by the Title IX Coordinator, interim remedial measures to avoid contact between the complainant and the alleged perpetrator may be taken prior to completion of the investigation to change academic and extracurricular activities including living, transportation, dining, and working situations. The complainant will be referred to the Office of Student Life to make him/her aware of all available resources such as victim advocacy, housing assistance, academic support, counseling, disability services, and health and mental health services, and the right to report a crime to Campus Safety or the Harnett County Sheriff's Office.

This procedure is intended to apply to alleged discrimination or harassment in violation of Title IX. All other misconduct or grievances by students against students or employees against students will be addressed through the student academic/misconduct procedures or non-academic/non-misconduct grievance procedures located elsewhere in this *Code* which is administered by the Vice President for Student Life & Christian Mission.

I. Informal Process

Before pursuing the formal complaint process, every reasonable effort should be made to constructively resolve the issues. Whenever possible and safe, the problem or complaint should first be discussed with the individual involved in the complaint. If satisfactory resolution is not reached after discussion with the individual, if the alleged perpetrator is (a) student, the complainant should contact the Title IX Coordinator immediately, or (b) a faculty/staff member, the complainant should contact the individual's direct supervisor to attempt to resolve the complaint. If these efforts are unsuccessful, the formal complaint process may be initiated. The university does not require a student to contact the person involved or that person's supervisor if doing so is impracticable, or if the student believes that the conduct cannot be effectively addressed through informal means.

II. Formal Process

If the informal process does not resolve the complaint, a case officer will be designated to formally investigate the complaint. Notice of a formal student complaint can be made in person or orally to an appropriate official, but the university strongly encourages submission of the complaint in writing, by email attachment as a MS Word or pdf document, or other written form to the Title IX Coordinator identified above.

The complainant should clearly and concisely describe the alleged incident(s), when and where it occurred, and the desired remedy sought. The complaint should be signed by the complainant or, in the case of an email submission, sent as an email attachment, in letter format and should contain the name and all contact information for the complainant. Any supporting documentation and evidence should be referenced within the body of the complaint. Additionally, the complainant should submit any supporting materials in writing as quickly as is practicable.

Upon receipt of a complaint the case officer will direct the investigation and confer with the Title IX Coordinator on interim action, accommodations for the alleged victim, or other necessary remedial short-term actions.

The case officer will then take the following steps:

- In coordination with the campus Title IX Coordinator, initiate any necessary remedial actions to include preventing any contact between the complainant and the alleged violator if necessary
- Determine the identity and contact information of the complainant (whether that be the initiator, the alleged victim, or a university proxy or representative)
- Identify the correct policies allegedly violated
- Conduct an immediate initial investigation to determine if there is reasonable cause to charge the accused individual, and what policy violations should be alleged as part of the complaint
- If there is insufficient evidence to support reasonable cause, the complaint should be closed with no further action
- Meet with the complainant to finalize the complaint
- Prepare the notice of charges on the basis of the initial investigation
- Commence a thorough, reliable, and impartial investigation by developing a strategic investigation plan, including a witness list, evidence list, intended timeframe, and order of interviews for all witnesses and the accused individual, who may be given notice prior to or at the time of the interview
- Complete the investigation promptly, and without unreasonable deviation from the intended timeline
- Make a finding, based on a preponderance of the evidence (whether a policy violation is more likely than not)
- Present the findings to the accused individual, who may accept the findings, accept the findings in part and reject them in part, or may reject all findings; and
- Share the findings and update the complainant on the status of the investigation and the outcome.

These procedures are entirely administrative in nature and are not considered legal proceedings. During the meeting with the case investigator or any subsequent proceedings, the complainant or the alleged perpetrator may have an advisor or advocate

accompany and assist him/her at their expense. This advisor can be anyone, but the advisor may not take part directly in the hearing itself, though they may communicate with the complainant or alleged perpetrator as necessary as long as it does not disrupt the proceedings.

Remedies for the Complainant: The victim may seek the assistance, in confidence, of the Campus Counselor and/or Campus Minister. Additionally, depending on the specific nature of the problem, remedies for the complainant may include, but are not limited to:

- Providing an effective escort to ensure that the complainant can move safely between classes and activities
- Ensuring the complainant and perpetrator do not share classes or extracurricular activities
- Moving the perpetrator or complainant (if the complainant requests to be moved) to a different residence hall or, in the case of an elementary or secondary school student, to another school within the district
- Providing comprehensive, holistic victim services including medical, counseling, and academic support services, such as tutoring
- Arranging for the complainant to have extra time to complete or re-take a class or withdraw from a class without an academic or financial penalty; and
- Reviewing any disciplinary actions taken against the complainant to see if there is a causal connection between the sexual violence and the misconduct that may have resulted in the complainant being disciplined.

III. The Title IX Hearing Committee Procedures

1. Where the alleged perpetrator accepts the finding that he/she violated Title IX, the findings cannot be appealed by the alleged perpetrator and the Title IX Appeals Hearing Committee (THC) shall conduct a hearing in accordance with Section III.3. below within ten (10) school days, after notice to the complainant and alleged perpetrator.
2. If the complainant or alleged perpetrator is not satisfied with the Title IX Coordinator's findings, they may request a hearing before the THC and this request must be made in writing within 3 school days to Office of the Dean of Students. If the request is timely filed, the THC shall conduct a hearing in accordance with Section III.3. below within ten school (10) days, after notice to the complainant and alleged perpetrator.
3. At any hearing conducted by the THC both the victim and the alleged perpetrator will be requested to appear, as well as any witnesses they wish to call. If requested, the complainant and alleged perpetrator will not be present at the same time during the hearing, nor is the presence of the complainant a prerequisite for the hearing to proceed. The failure of either or both parties to appear when properly notified will not prevent the hearing from taking place as scheduled or preclude a decision from being reached. The decision of the THC shall be based on a preponderance of the evidence.
 - (i) If the hearing is based on a request to reconsider the findings of the Title IX Coordinator pursuant to Section III.2. above, and the THC, based upon a preponderance of the evidence, finds that there has been a violation of Title IX, it may impose sanctions in accordance with Section III.4. below.
 - (ii) If the hearing is solely for the purpose of determining a sanction pursuant to Section III.1. above, the THC may impose sanctions as prescribed by Section II.4 below.
4. If the THC is authorized to impose sanctions, they may include, but are not limited to a fine, suspension, probation, possible referral to a behavioral assessment by an outside mental health provider, or expulsion.

IV. Appeal to the Executive Appeals Committee

The victim and the alleged perpetrator will both be notified of the Committee's decision and will both have the option, if dissatisfied, to make written appeals to the Executive Appeals Committee (EAC) through the Office of the Vice President for Student Life & Christian Mission. Notice of such appeals must be provided to the Student Life & Christian Mission Office within three (3) school days of the decision. The ONLY grounds for appeal are as follows:

1. A procedural [or substantive error] occurred that significantly impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures, etc.);
2. To consider new evidence, unavailable during the original hearing or investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included;
3. The sanctions imposed are substantially disproportionate to the severity of the violation.

If the EAC determines that new evidence should be considered, it will return the complaint to the original hearing body to reconsider in light of the new evidence, only. The reconsideration of the hearing body is not appealable.

If the EAC determines that a material procedural [or substantive] error occurred, it may return the complaint to the original hearing body with instructions to reconvene to cure the error. In rare cases, where the procedural [or substantive] error cannot be cured by the original hearing officers (as in cases of bias), the appeals officers or committee may order a new hearing on the complaint with a new body of hearing officers. The results of a reconvened hearing cannot be appealed. The results of a new hearing can be appealed, once, on the three applicable grounds for appeals.

If the EAC determines that the sanctions imposed are disproportionate to the severity of the violation, the appeals officer or committee will return the complaint to the THC which may then increase, decrease or otherwise modify the sanctions. This decision is final.

E. Criminal Process

Victims of sexual assault, rape and/or date rape are encouraged to seek the criminal prosecution of their assailants. The Campus Safety Office will assist victims who choose to prosecute by transporting them to the Magistrate's Office and providing information in support of the charges being preferred. In cases when the victims wish to remain anonymous, they will be referred to the Sexual Assault and Family Emergency Agency (S.A.F.E.). However, the university will continue to investigate the report in compliance with Title IX.

The University views rape, date rape, and sexual assault as grievous violations of the law of God and man, the Code of Honor and the Student Code of Conduct. As such, these offenses will be addressed by the Executive Student Conduct Committee. A student who is proven to have committed or been involved in the commission of such an offense can expect to be suspended or expelled from the University.

Should a student be raped or sexually assaulted on the campus or in the vicinity of the school, the victim is urged to report the matter to Campus Safety without delay and preserve all evidence of criminal action. As unpleasant as it may be, the victim should not wash, shower, or change clothes. To a large extent, the victim is the evidence of the crime. The longer the delay between the incident and the time it is reported, the less likely it is that the criminal prosecution will be successful. It should also be noted that state laws dealing with victim compensation and aid limit eligibility for benefits to cases of rape and sexual assault reported within five (5) days.

By contacting the Harnett County Sheriff's Office at the Campus Safety office, Campus Safety will arrange for proper care and assistance to be provided and for a victim's advocate to be appointed, if the student wishes. Furthermore, the members of the Campus Safety Office pledge that:

1. They will meet with the victim privately, at a place of the victim's choice in the local area, to take a complaint report.
2. They will not release the victim's name to the public or to the press.
3. Their officers will not prejudice or blame the victim for what has occurred.
4. They will treat the victim and the particular case with courtesy, sensitivity, dignity, understanding and professionalism.
5. If the victim feels more comfortable talking with a female rather than a male officer, they will do their best to accommodate the victim's request.
6. They will assist the victim in arranging for any hospital treatment or medical needs.
7. They will assist the victim in privately contacting counseling services and other available resources.
8. They will fully investigate the victim's case and will help the victim achieve the best outcome. This may involve the arrest and full prosecution of the suspect responsible. The victim will be kept up to date on the progress of the investigation and/or prosecution.
9. They will continue to be available to the victim to answer questions, explain the systems and processes involved, and be willing listeners.
10. They will consider the victim's case seriously, regardless of the victim's gender.

The investigation into the rape or sexual assault will be handled by the Harnett County Sheriff's Office. Refer to the NC General Statute § 143B-480.2 regarding victim assistance.

The University will assist victims of rape and/or sexual assault in coping with the after-effects of their experience. Referrals for counseling are made by the Campus Minister, University Counselor, Student Support Services, and Health Services Offices. Counseling is also available through some faculty members in the School of Education and by the Lee-Harnett County Mental Health Center, which is located just a short distance off

campus. The services of the Harnett County Sexual Assault and Family Emergency (S.A.F.E.) Agency are also available to students. Campbell both supports and is a member of the S.A.F.E. organization.

The University is prepared to accommodate reasonable requests for academic schedule and housing changes by victims of rape and sexual assault. Such requests should be directed to the Student Life & Christian Mission Office. It should be kept in mind that Campbell is a relatively small school. Therefore, it may not be possible to completely avoid unpleasant encounters.

Any employee who is aware of or observes a violation of Title IX should immediately report the same to the Title IX Coordinator. The procedures that will be used to investigate and conduct any hearings regarding the reported or alleged violations may be found in the Student Handbook under Institutional Policies at www.campbell.edu/current/student-handbook/. If sexual violence is involved, Campus Safety should be immediately notified at 910-893-1911. Employees or students will not suffer retaliation for reporting violations of this policy.

Institution's Prevention and Awareness Programs Addressing Rape, Acquaintance Rape, Dating Violence, Domestic Violence, Sexual Assault and Stalking

Deputies with the Harnett County Sheriff's Office assigned to Campbell University are members of the Sexual Assault Response Team (SART), which is a multidisciplinary interagency team of individuals working collaboratively to provide services for the community by offering specialized sexual assault intervention services. Teams are specialized to fit the needs of each community and generally have goals of increasing reporting and conviction of sexual assaults and countering the experience of sexual trauma with a sensitive and competent response.

- The purpose of this team is to promote the coordination and collaboration of a consistent client-centered approach to sexual violence in Harnett County.
- The team meets once a month, occasionally on Campbell University's campus.
- During meetings, SART discusses protocols/guidelines and agreements between agencies about the provision of sexual assault services and the roles and responsibilities of core responders. Ultimately, protocols provide a way for team members to institutionalize interagency expectations in order to maintain high quality, consistent responses over the long-term.

SAAW

Through the Office of Title IX, Sexual Assault Awareness Week (SAAW) continued raising awareness and educating students about sexual assault, violence, and prevention. SAAW events are held in the fall semester. The SAAW Committee is a team comprised of students, faculty, and staff. Many of the staff are from departments within Student Life & Christian Mission (Title IX, Counseling Services, Campus Ministry, Residence Life, Student Success, and Student Activities).

There are opportunities for students to discuss relationships, boundaries, and safe spaces. Sexual Assault Awareness Week offers opportunities for students, faculty, and staff to learn more about, and speak out against, sexual assault as well as promote awareness and safety on campus.

The following events served as the main activities for Sexual Assault Awareness Week in 2022;

- Info tent in Academic Circle with t-shirts and information about campus resources.
- Self-defense classes were offered to students as a preventative measure in the event of an assault.
- Students Fight Back program is a behavior and bystander intervention program that educates students to be proactive in helping others. The session trained students to help them learn strategies and techniques to intervene directly or indirectly in both emergency and non-emergency situations. In the training real-life situations/scenarios are discussed. The goal is to generate open, honest and non-judgmental discussions about the material presented.
- “Take Back the Night”, an evening vigil for survivors of sexual assault, harassment, and stalking, to be able to share their stories.
- There was also a segment in Camel 101 for incoming new students on bystander intervention. The Step UP! program focuses on teaching students how to intervene in problematic situations including alcohol abuse, hazing, sexual assault, discrimination, and more.

Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Note regarding date rape drugs: Under Clery, the administration of a date rape drug in an unsuccessful attempt to incapacitate and sexually assault the victim, and investigation determines that the perpetrator's attempt was to commit a sex offense, is a sexual assault. Programs will also offer information on risk reduction, how to recognize

warning signs of abusive behavior, and how to avoid potential attacks.

Sanctions and Protective Measures That Can Be Imposed After a Final Determination:
Possible sanctions or protective measures that the University may impose for actions that violate University Policy of Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking include, but are not limited to, suspension, probation, expulsion, or termination. When the University receives a report or is otherwise placed on notice of sex discrimination, sexual harassment, sexual assault, domestic violence, dating violence, or stalking, the Director of Title IX Compliance shall be notified. Any time the University receives notice of a potential violation of University Policy of Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking, the Director of Title IX Compliance must investigate. Investigations may be limited by the information provided by the victim or complainant. At a minimum:

1. If the report is made to the Director of Title IX Compliance by someone other than the victim, the Director of Title IX Compliance or designee will contact the victim to provide information on Title IX, relevant campus administrative proceedings, and rights and responsibilities.
2. Immediate interim measures may be put in place to protect members of the University community. Interim measures may include, but are not limited to:
 - a. Administrative temporary no contact orders
 - b. Employment and academic adjustments
 - c. Suspension and or suspension from campus property
 - d. Housing transfers or lease termination
 - e. Temporary removal from clubs, organizations, or athletic teams

When the victim chooses, or the University believes it is necessary, the Director of Title IX Compliance or designee will complete a prompt, thorough, and impartial investigation. If the investigation results in a finding of a violation of University policy, based upon a preponderance of the evidence, then the findings will be forwarded for resolution through the student conduct process or the employee disciplinary process. Such proceedings shall provide a prompt, fair, and impartial investigation, and resolution. All parties will be informed of the University's appeal processes, if applicable, and their rights to exercise a request for appeal. Should any change in outcome occur prior to finalization, all parties will be timely informed in writing, and will be notified when the results of the resolution process become final.

In any proceeding based on a complaint of sexual assault, stalking, dating violence, domestic violence, or other behavior covered in this section, the person bringing the accusation and the responding party (accuser or the accused) are entitled to the same opportunities to have others, such as a support person or advisor of their choice, present throughout the process, including the opportunity to be accompanied by such a support person or advisor of their choice to any meeting, conference, hearing, or other procedural action. Once complete, the parties will be informed, in writing, of the outcome in accordance with the federal Family Educational Rights and Privacy Act of 1974 (FERPA) statute and applicable state and federal employment laws. Delivery of this outcome will not be delayed to either party, and should occur as nearly simultaneously as possible. All parties will be informed of the University's appeal processes, if applicable,

and their rights to exercise a request for appeal. Should any change in outcome occur prior to finalization, all parties will be timely informed.

The Director of Title IX Compliance or designee will offer assistance to victims in the form of opportunities for academic accommodations (for example, class schedule changes), changes in housing for the victim or the responding student when appropriate, changes in working situations, and other assistance as may be appropriate and available (such as no contact orders, campus security escorts, transportation assistance, etc.)

Bystander Intervention

Campbell University hopes to foster an environment of bystander intervention that offers safe and positive options for individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Options include recognizing situations of potential harm, understanding potential facilitations of violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

What is a Bystander?

- Someone who is present but is not taking part in the situation
- A spectator or witness who may or may not know what to do
- A person who is present during a potentially dangerous situation and DOES NOTHING to stop it

What is an Active Bystander?

- Someone who intervenes safely in situations that don't seem "quite right."

Why become an Active Bystander?

- To help keep you, your friends, and the campus community safe. We all have a part!

Bystander intervention training teaches participants how to observe situations, assess whether the situation is problematic, act to respond in a safe and appropriate manner, and follow up with individuals affected.

 - h. Whether a party has abused or endangered the minor child during visitation.
 - i. Whether a party has used visitation as an opportunity to abuse or harass the aggrieved party.
 - j. Whether a party has improperly concealed or detained the minor child.
 - k. Whether a party has otherwise acted in a manner that is not in the best interest of the minor child.
- (3) If the court awards custody, the court shall also consider whether visitation is in the best interest of the minor child. If ordering visitation, the court shall provide for the safety and well-being of the minor child and the safety of the aggrieved party. The court may consider any of the following:
 - a. Ordering an exchange of the minor child to occur in a protected setting or in the presence of an appropriate third party.
 - b. Ordering visitation supervised by an appropriate third party, or at a supervised visitation center or other approved agency.
 - c. Ordering the noncustodial parent to attend and complete, to the satisfaction of the court, an abuser treatment program as a condition of visitation.
 - d. Ordering either or both parents to abstain from possession or consumption of alcohol or controlled substances during the visitation or for 24 hours preceding an exchange of the minor child.
 - e. Ordering the noncustodial parent to pay the costs of supervised visitation.
 - f. Prohibiting overnight visitation.

- g. Requiring a bond from the noncustodial parent for the return and safety of the minor child.
- h. Ordering an investigation or appointment of a guardian ad litem or attorney for the minor child.
- i. Imposing any other condition that is deemed necessary to provide for the safety and well-being of the minor child and the safety of the aggrieved party.

If the court grants visitation, the order shall specify dates and times for the visitation to take place or other specific parameters or conditions that are appropriate. A person, supervised visitation center, or other agency may be approved to supervise visitation after appearing in court or filing an affidavit accepting that responsibility and acknowledging accountability to the court.

- (4) A temporary custody order entered pursuant to this Chapter shall be without prejudice and shall be for a fixed period of time not to exceed one year. Nothing in this section shall be construed to affect the right of the parties to a de novo hearing under Chapter 50 of the General Statutes. Any subsequent custody order entered under Chapter 50 of the General Statutes supersedes a temporary order issued pursuant to this Chapter.

(b) Protective orders entered pursuant to this Chapter shall be for a fixed period of time not to exceed one year. The court may renew a protective order for a fixed period of time not to exceed two years, including an order that previously has been renewed, upon a motion by the aggrieved party filed before the expiration of the current order; provided, however, that a temporary award of custody entered as part of a protective order may not be renewed to extend a temporary award of custody beyond the maximum one-year period. The court may renew a protective order for good cause. The commission of an act as defined in G.S. 50B-1(a) by the defendant after entry of the current order is not required for an order to be renewed. Protective orders entered, including consent orders, shall not be mutual in nature except where both parties file a claim and the court makes detailed findings of fact indicating that both parties acted as aggressors, that neither party acted primarily in self-defense, and that the right of each party to due process is preserved.

(b1) A consent protective order may be entered pursuant to this Chapter without findings of fact and conclusions of law if the parties agree in writing that no findings of fact and conclusions of law will be included in the consent protective order. The consent protective order shall be valid and enforceable and shall have the same force and effect as a protective order entered with findings of fact and conclusions of law.

(c) A copy of any order entered and filed under this Article shall be issued to each party. In addition, a copy of the order shall be issued promptly to and retained by the police department of the city of the victim's residence. If the victim does not reside in a city or resides in a city with no police department, copies shall be issued promptly to and retained by the sheriff, and the county police department, if any, of the county in which the victim resides. If the defendant is ordered to stay away from the child's school, a copy of the order shall be delivered promptly by the sheriff to the principal or, in the principal's absence, the assistant principal or the principal's designee of each school named in the order.

(c1) When a protective order issued under this Chapter is filed with the Clerk of Superior Court, the clerk shall provide to the applicant an informational sheet developed by the Administrative Office of the Courts that includes:

- (1) Domestic violence agencies and services.
- (2) Sexual assault agencies and services.
- (3) Victims' compensation services.
- (4) Legal aid services.
- (5) Address confidentiality services.
- (6) An explanation of the plaintiff's right to apply for a permit under G.S. 14-415.15.

(d) The sheriff of the county where a domestic violence order is entered shall provide for prompt entry of the order into the National Crime Information Center registry and shall provide for access of such orders to magistrates on a 24-hour-a-day basis.

Modifications, terminations, renewals, and dismissals of the order shall also be promptly entered. (1979, c. 561, s. 1; 1985, c. 463; 1994, Ex. Sess., c. 4, s. 2; 1995, c. 527, s. 1; 1995 (Reg. Sess., 1996), c. 591, s. 2; c. 742, s. 42.1.; 1999-23, s. 1; 2000-125, s. 9; 2002-105, s. 2; 2002-126, s. 29A.6(b); 2003-107, s. 2; 2004-186, ss. 17.3-17.5; 2005-343, s. 2; 2005-423, s. 1; 2007-116, s. 3; 2009-425, s. 1; 2013-237, s. 1.)

§ 50B-3.1. Surrender and disposal of firearms; violations; exemptions.

(a) Required Surrender of Firearms. - Upon issuance of an emergency or ex parte order pursuant to this Chapter, the court shall order the defendant to surrender to the sheriff all firearms, machine guns, ammunition, permits to purchase firearms, and permits to carry concealed firearms that are in the care, custody, possession, ownership, or control of the defendant if the court finds any of the following factors:

- (1) The use or threatened use of a deadly weapon by the defendant or a pattern of prior conduct involving the use or threatened use of violence with a firearm against persons.
- (2) Threats to seriously injure or kill the aggrieved party or minor child by the defendant.
- (3) Threats to commit suicide by the defendant.
- (4) Serious injuries inflicted upon the aggrieved party or minor child by the defendant.

(b) Ex Parte or Emergency Hearing. - The court shall inquire of the plaintiff, at the ex parte or emergency hearing, the presence of, ownership of, or otherwise access to firearms by the defendant, as well as ammunition, permits to purchase firearms, and permits to carry concealed firearms, and include, whenever possible, identifying information regarding the description, number, and location of firearms, ammunition, and permits in the order.

(c) Ten-Day Hearing. - The court, at the 10-day hearing, shall inquire of the defendant the presence of, ownership of, or otherwise access to firearms by the defendant, as well as ammunition, permits to purchase firearms, and permits to carry concealed firearms, and include, whenever possible, identifying information regarding the description, number, and location of firearms, ammunition, and permits in the order.

(d) Surrender. - Upon service of the order, the defendant shall immediately surrender to the sheriff possession of all firearms, machine guns, ammunition, permits to purchase

firearms, and permits to carry concealed firearms that are in the care, custody, possession, ownership, or control of the defendant. In the event that weapons cannot be surrendered at the time the order is served, the defendant shall surrender the firearms, ammunitions, and permits to the sheriff within 24 hours of service at a time and place specified by the sheriff. The sheriff shall store the firearms or contract with a licensed firearms dealer to provide storage.

- (1) If the court orders the defendant to surrender firearms, ammunition, and permits, the court shall inform the plaintiff and the defendant of the terms of the protective order and include these terms on the face of the order, including that the defendant is prohibited from possessing, purchasing, or receiving or attempting to possess, purchase, or receive a firearm for so long as the protective order or any successive protective order is in effect. The terms of the order shall include instructions as to how the defendant may request retrieval of any firearms, ammunition, and permits surrendered to the sheriff when the protective order is no longer in effect. The terms shall also include notice of the penalty for violation of G.S. 14-269.8.
 - (2) The sheriff may charge the defendant a reasonable fee for the storage of any firearms and ammunition taken pursuant to a protective order. The fees are payable to the sheriff. The sheriff shall transmit the proceeds of these fees to the county finance officer. The fees shall be used by the sheriff to pay the costs of administering this section and for other law enforcement purposes. The county shall expend the restricted funds for these purposes only. The sheriff shall not release firearms, ammunition, or permits without a court order granting the release. The defendant must remit all fees owed prior to the authorized return of any firearms, ammunition, or permits. The sheriff shall not incur any civil or criminal liability for alleged damage or deterioration due to storage or transportation of any firearms or ammunition held pursuant to this section.
- (e) Retrieval. - If the court does not enter a protective order when the ex parte or emergency order expires, the defendant may retrieve any weapons surrendered to the sheriff unless the court finds that the defendant is precluded from owning or possessing a firearm pursuant to State or federal law or final disposition of any pending criminal charges committed against the person that is the subject of the current protective order.
- (f) Motion for Return. - The defendant may request the return of any firearms, ammunition, or permits surrendered by filing a motion with the court at the expiration of the current order or final disposition of any pending criminal charges committed against the person that is the subject of the current protective order and not later than 90 days after the expiration of the current order or final disposition of any pending criminal charges committed against the person that is the subject of the current protective order. Upon receipt of the motion, the court shall schedule a hearing and provide written notice to the plaintiff who shall have the right to appear and be heard and to the sheriff who has control of the firearms, ammunition, or permits. The court shall determine whether the defendant is subject to any State or federal law or court order that precludes the defendant from owning or possessing a firearm. The inquiry shall include:
- (1) Whether the protective order has been renewed.
 - (2) Whether the defendant is subject to any other protective orders.

(3) Whether the defendant is disqualified from owning or possessing a firearm pursuant to 18 U.S.C. § 922 or any State law.

(4) Whether the defendant has any pending criminal charges, in either State or federal court, committed against the person that is the subject of the current protective order.

The court shall deny the return of firearms, ammunition, or permits if the court finds that the defendant is precluded from owning or possessing a firearm pursuant to State or federal law or if the defendant has any pending criminal charges, in either State or federal court, committed against the person that is the subject of the current protective order until the final disposition of those charges.

(g) Motion for Return by Third-Party Owner. - A third-party owner of firearms, ammunition, or permits who is otherwise eligible to possess such items may file a motion requesting the return to said third party of any such items in the possession of the sheriff seized as a result of the entry of a domestic violence protective order. The motion must be filed not later than 30 days after the seizure of the items by the sheriff. Upon receipt of the third party's motion, the court shall schedule a hearing and provide written notice to all parties and the sheriff. The court shall order return of the items to the third party unless the court determines that the third party is disqualified from owning or possessing said items pursuant to State or federal law. If the court denies the return of said items to the third party, the items shall be disposed of by the sheriff as provided in subsection (h) of this section.

(h) Disposal of Firearms. - If the defendant does not file a motion requesting the return of any firearms, ammunition, or permits surrendered within the time period prescribed by this section, if the court determines that the defendant is precluded from regaining possession of any firearms, ammunition, or permits surrendered, or if the defendant or third-party owner fails to remit all fees owed for the storage of the firearms or ammunition within 30 days of the entry of the order granting the return of the firearms, ammunition, or permits, the sheriff who has control of the firearms, ammunition, or permits shall give notice to the defendant, and the sheriff shall apply to the court for an order of disposition of the firearms, ammunition, or permits. The judge, after a hearing, may order the disposition of the firearms, ammunition, or permits in one or more of the ways authorized by law, including subdivision (4), (4b), (5), or (6) of G.S. 14-269.1. If a sale by the sheriff does occur, any proceeds from the sale after deducting any costs associated with the sale, and in accordance with all applicable State and federal law, shall be provided to the defendant, if requested by the defendant by motion made before the hearing or at the hearing and if ordered by the judge.

(i) It is unlawful for any person subject to a protective order prohibiting the possession or purchase of firearms to:

(1) Fail to surrender all firearms, ammunition, permits to purchase firearms, and permits to carry concealed firearms to the sheriff as ordered by the court;

(2) Fail to disclose all information pertaining to the possession of firearms, ammunition, and permits to purchase and permits to carry concealed firearms as requested by the court; or

(3) Provide false information to the court pertaining to any of these items.

(j) Violations. - In accordance with G.S. 14-269.8, it is unlawful for any person to possess, purchase, or receive or attempt to possess, purchase, or receive a firearm, as

defined in G.S. 14-409.39(2), machine gun, ammunition, or permits to purchase or carry concealed firearms if ordered by the court for so long as that protective order or any successive protective order entered against that person pursuant to this Chapter is in effect. Any defendant violating the provisions of this section shall be guilty of a Class H felony.

(k) Official Use Exemption. - This section shall not prohibit law enforcement officers and members of any branch of the Armed Forces of the United States, not otherwise prohibited under federal law, from possessing or using firearms for official use only.

(l) Nothing in this section is intended to limit the discretion of the court in granting additional relief as provided in other sections of this Chapter. (2003-410, s. 1; 2004-203, s. 34(a); 2005-287, s. 4; 2005-423, ss. 2, 3; 2011-183, s. 40; 2011-268, ss. 23, 24.)

§ 50B-4. Enforcement of orders.

(a) A party may file a motion for contempt for violation of any order entered pursuant to this Chapter. This party may file and proceed with that motion pro se, using forms provided by the clerk of superior court or a magistrate authorized under G.S. 50B-2(c1). Upon the filing pro se of a motion for contempt under this subsection, the clerk, or the authorized magistrate, if the facts show clearly that there is danger of acts of domestic violence against the aggrieved party or a minor child and the motion is made at a time when the clerk is not available, shall schedule and issue notice of a show cause hearing with the district court division of the General Court of Justice at the earliest possible date pursuant to G.S. 5A-23. The Clerk, or the magistrate in the case of notice issued by the magistrate pursuant to this subsection, shall effect service of the motion, notice, and other papers through the appropriate law enforcement agency where the defendant is to be served.

(b) Repealed by Session Laws 1999-23, s. 2, effective February 1, 2000.

(c) A valid protective order entered pursuant to this Chapter shall be enforced by all North Carolina law enforcement agencies without further order of the court.

(d) A valid protective order entered by the courts of another state or the courts of an Indian tribe shall be accorded full faith and credit by the courts of North Carolina whether or not the order has been registered and shall be enforced by the courts and the law enforcement agencies of North Carolina as if it were an order issued by a North Carolina court. In determining the validity of an out-of-state order for purposes of enforcement, a law enforcement officer may rely upon a copy of the protective order issued by another state or the courts of an Indian tribe that is provided to the officer and on the statement of a person protected by the order that the order remains in effect. Even though registration is not required, a copy of a protective order may be registered in North Carolina by filing with the clerk of superior court in any county a copy of the order and an affidavit by a person protected by the order that to the best of that person's knowledge the order is presently in effect as written. Notice of the registration shall not be given to the defendant. Upon registration of the order, the clerk shall promptly forward a copy to the sheriff of that county. Unless the issuing state has already entered the order, the sheriff shall provide for prompt entry of the order into the National Crime Information Center registry pursuant to G.S. 50B-3(d).

(e) Upon application or motion by a party to the court, the court shall determine whether an out-of-state order remains in full force and effect.

(f) The term "valid protective order," as used in subsections (c) and (d) of this section, shall include an emergency or ex parte order entered under this Chapter. (1979, c. 561, s. 1; 1985, c. 113, s. 4; 1987, c. 739, s. 6; 1989, c. 461, s. 2; 1994, Ex. Sess., c. 4, s. 3; 1995 (Reg. Sess., 1996), c. 591, s. 3; 1999-23, s. 2; 2002-126, s. 29A.6(c); 2003-107, s. 3; 2009-342, s. 4.)

§ 50B-4.1. Violation of valid protective order.

(a) Except as otherwise provided by law, a person who knowingly violates a valid protective order entered pursuant to this Chapter or who knowingly violates a valid protective order entered by the courts of another state or the courts of an Indian tribe shall be guilty of a Class A1 misdemeanor.

(b) A law enforcement officer shall arrest and take a person into custody, with or without a warrant or other process, if the officer has probable cause to believe that the person knowingly has violated a valid protective order excluding the person from the residence or household occupied by a victim of domestic violence or directing the person to refrain from doing any or all of the acts specified in G.S. 50B-3(a)(9).

(c) When a law enforcement officer makes an arrest under this section without a warrant, and the party arrested contests that the out-of-state order or the order issued by an Indian court remains in full force and effect, the party arrested shall be promptly provided with a copy of the information applicable to the party which appears on the National Crime Information Center registry by the sheriff of the county in which the arrest occurs.

(d) Unless covered under some other provision of law providing greater punishment, a person who commits a felony at a time when the person knows the behavior is prohibited by a valid protective order as provided in subsection (a) of this section shall be guilty of a felony one class higher than the principal felony described in the charging document. This subsection shall not apply to a person who is charged with or convicted of a Class A or B1 felony or to a person charged under subsection (f) or subsection (g) of this section.

(e) An indictment or information that charges a person with committing felonious conduct as described in subsection (d) of this section shall also allege that the person knowingly violated a valid protective order as described in subsection (a) of this section in the course of the conduct constituting the underlying felony. In order for a person to be punished as described in subsection (d) of this section, a finding shall be made that the person knowingly violated the protective order in the course of conduct constituting the underlying felony.

(f) Unless covered under some other provision of law providing greater punishment, any person who knowingly violates a valid protective order as provided in subsection (a) of this section, after having been previously convicted of two offenses under this Chapter, shall be guilty of a Class H felony.

(g) Unless covered under some other provision of law providing greater punishment, any person who, while in possession of a deadly weapon on or about his or her person or within close proximity to his or her person, knowingly violates a valid protective order as provided in subsection (a) of this section by failing to stay away from a place, or a person, as so directed under the terms of the order, shall be guilty of a Class H felony.

(g1) Unless covered under some other provision of law providing greater punishment, any person who is subject to a valid protective order, as provided in subsection (a) of this section, who enters property operated as a safe house or haven for victims of domestic violence, where a person protected under the order is residing, shall be guilty of a Class H felony. A person violates this subsection regardless of whether the person protected under the order is present on the property.

(h) For the purposes of this section, the term "valid protective order" shall include an emergency or ex parte order entered under this Chapter. (1997-471, s. 3; 1997-456, s. 27; 1999-23, s. 4; 2001-518, s. 5; 2007-190, s. 1; 2008-93, s. 1; 2009-342, s. 5; 2009-389, s. 2; 2010-5, s. 1.)

Missing Student Notification Policy

In accordance with Section 485 of the Higher Education Act, every institution of higher education that provides on-campus housing must provide a missing student notification policy for those students residing in on-campus housing, a process for students to register a confidential contact to be used under this policy, and procedures to implement this policy.

A student may be deemed missing if it is reported to appropriate university officials that the student has been unreachable via personal contact, telephone, e-mail, or other means of communication for 24 hours or more. A CA or RD that receives such information should immediately report it to Campus Safety.

If any member of the University community, or outside the University community, has reason to believe that a student may be missing, he or she should immediately notify Campbell University Campus Safety at 910-893-1375 or the Harnett County Sheriff's Office at 910-893-9111.

Confidential Contact

Enrolled students may identify a confidential contact person who may be contacted no later than 24 hours after the time that a student is determined to be missing. This information will not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation or as required by law. The student's custodial parent or guardian will also be notified if the student is under 18 years of age and not an emancipated individual. Contact is contingent upon the correct emergency contact information being made available by the student. This is made available to students upon entering residence halls as a resident and meeting with their CAs and RDs. Provided information is kept by the Office of Residence Life and is available to Campus Safety when needed or necessary.

Investigation: The Harnett County Sheriff's Office will initiate an investigation upon receipt of a report that a student may be missing.

Timely Warnings

Timely Warnings are issued whenever a serious crime or a series of crimes, on campus or in the surrounding areas of the campus are considered to pose a risk to students and employees. Timely Warnings would typically be issued for the following crimes: Felony Assault, Arson, Homicide, Robbery, and Sex Offenses. Timely Warnings may also be issued for other crime classifications on a case-by-case basis. These Timely Warnings may be made by email, text messaging system, social media, bulletins, handouts, local news service, and Campbell University media, as determined by each circumstance.

Emergency Notification at Campbell University about an Immediate Threat

If it is determined that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of Campbell University, the Office of Student Life & Christian Mission will determine the content of the message and will use some or all of the systems described below to communicate the threat to Campbell personnel or to the appropriate segment of the area if the threat is limited to a particular building or segment of the population. The Office of Student Life & Christian Mission will determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders, (including, but not limited to: the Harnett County Sheriff's Office, the Fire Marshal's Office, the Buies Creek Fire Department, Harnett County Emergency Management, North Carolina State Highway Patrol), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Students and employees are encouraged to register their cell phones and other numbers for emergency text messages through the Campbell Omnilert page located at: <https://www.campbell.edu/alerts/>. The emergency text message system was used successfully in 2022.

Campus Alerts may include any or all of the following:

- Mass email
- Emergency Text Messaging System (Omnilert)
- Outdoor warning system (successful unannounced test in 2022)
- All www.campbell.edu web pages
- Vehicle and other portable Public Announcement devices
- Local media
- Social media (Facebook and Twitter)

Notifications can be made in the event of violence, imminent threats of violence, fires, hazardous spills, gas leaks, power outages, weather emergencies, building evacuations, bomb threats, or building lockdowns.

Campbell University also has a system in place to notify anyone on any www.campbell.edu web page of an emergency in progress by scrolling a red banner on all its web pages.

Campbell University also has its own tornado siren that can be activated from Campus Safety. Its purpose is to warn people who are outside of potential imminent dangerous weather as needed. The Buies Creek Fire Department also has a warning siren that is audible when outside on the main campus.

Daily Crime Log

Campus Safety maintains a Daily Crime Log, as required by the Campus Security Act, that lists information about reports taken by law enforcement in the area of Campbell University. The log includes the nature, date, time, and general location of each incident reported. Campus Safety makes an entry, or an addition to an entry, to the Daily Crime Log within two business days of receiving a report, except in certain cases as prescribed by the Campus Security Act. Campbell University Campus Safety Daily Crime Log is available for public inspection during regular business hours. It is maintained by Campus Safety's Records Division.

Access to Campbell University

Campbell University is located in a somewhat rural area of Harnett County in North Carolina. Buies Creek is not an incorporated municipality. Campbell is located along US Hwy 421 between the towns of Lillington, Coats, and Erwin. The streets on the campus are open to the public. The predominant surroundings of Campbell University are private residences, apartments, small businesses, a golf course, fields, and trees. Campus Safety Security Officers conduct routine building checks during their patrol shift around the clock. Non-residence buildings are locked by Security or by computer locks every night.

Residence halls are provided with electronic key card access systems that are connected to a central computer. When equipped doors are propped open for an extended amount of time an alarm is activated that mandates Campus Safety check on the door. Buildings that have key card entrances can be adjusted to allow a key card entry at specific times and also filter which key cards are allowed access. Any swipe of a key card, whether an authorized card or not, is recorded on the computer.

Campbell University Facilities Management provides service to reports of inoperable doors, burned out lights, broken windows, and room repairs. Facilities Management is also responsible for outdoor lights that are reported out and for lawn maintenance and trimming bushes. Any non-emergency problems located by night shift Security Officers are reported to Facilities Management when they open the following day.

Access to remaining residential facilities is controlled by issued keys. Facilities Management is responsible for maintenance of the keys and locks. Campus Safety should be notified of an ID card, key, or lock problem after hours. If a student or an employee is locked out of a facility, Campus Safety should be contacted, and a Security Officer will verify and make a record of the person needing entry.

Campus Safety works closely with Residence Life in promoting and monitoring safe campus living. Security Officers conduct random and routine walkthroughs of residence halls, academic buildings, and business offices.

Campus Safety also works with Facilities Management to ensure the safety of buildings and the outdoor campus area. Campus Safety night shifts routinely report all burned out lights and missing/damaged signs to Facilities Management in an effort to repair/improve the campus. Facilities Management also provides an on-call list around the clock for facilities emergencies after hours and on holidays and weekends.

Access to Academic Facilities

The administrators responsible for each facility determine access to each building within their department. Campbell University Campus Safety works continuously with Campbell employees to maximize security and ensure appropriate access controls. Campbell has in place a policy where professors contact Campus Safety with request to allow students into labs or classrooms that they have been approved to enter. Security cameras are continuously being installed and added in residence halls, academic buildings, and office areas on campus.

Contact Information: For concerns regarding physical security, contact Campbell University Campus Safety at 910-893-1375. To report damage or repairs to buildings, property, or rooms (malfunctioning doors, broken windows, etc.) contact Facilities Management at 910-893-1610.

Substance Abuse Policy

Campbell University promotes personal responsibility among students, encouraging them through various policies and programs to make informed and responsible decisions. The Student Handbook governing the use of alcohol and drugs applies to all Campbell students. The primary responsibility for knowing and abiding by the provisions of university policies rests with the individual student.

Drug-Abuse Prevention

Campbell University policy on illegal drugs use is expressed in the Code of Honor and the Student Code of Conduct. These documents prohibit the possession, use of, or distribution of illegal drugs by students regardless of age, both on and off campus. The University will use all legally acceptable means to prevent the possession, use, or distribution of illegal drugs on campus, including but not limited to, random drug testing of varsity athletes and the employment of undercover agents.

Alcohol Policy

Campbell's alcohol policy prohibits the consumption, possession, and/or purchase of alcoholic beverages on campus. Violations of Campbell policy are referred to the Office of Student Life & Christian Mission where sanctions include fines, community service, consultation, removal from housing, probation, suspension, or dismissal. More information on sanctions is in the Student Handbook. Law violations are referred to the Harnett County Sheriff's Office.

Alcohol Misuse

All main campus students are expected to follow local, state, and federal laws regarding the possession, consumption, and distribution of alcohol. The possession, consumption, and distribution of alcoholic beverages is prohibited on the University campus. The misuse of alcohol is defined by the University as any use that adversely impacts the student's health or could lead to inappropriate, disorderly, disruptive, disrespectful, or unsafe behavior. This type of behavior subjects a student to be in violation of Behavioral Offenses as outlined in the Undergraduate Student Handbook.

Consumption of alcohol in North Carolina by anyone under the age of 21 is a Class 1 misdemeanor. North Carolina General Statute 18B-302, states to aid, abet, sell, or give alcoholic beverages to anyone under the age of 21, or to attempt to purchase alcohol under the age of 21 is a Class 1 misdemeanor.

Handling Alcohol Emergencies

A potentially dangerous situation exists whenever an individual consumes too much alcohol. A high blood concentration level can result in bizarre, unpredictable behavior and/or unconsciousness. The degree of danger depends on the person's size, what and how much the person drank, during what time period, whether the person took drugs in addition to alcohol and other circumstances.

Get help immediately if ...

- the person cannot be aroused by shaking or shouting.
- the person's breathing is shallow or irregular.
- the person sustained a blow to the head or any injury that caused bleeding.
- the person drank a large quantity or is disoriented, incoherent or has collapsed.

Call 911 if a person has passed out because of excessive alcohol use. Meanwhile:

- Check regularly for breathing and consciousness. Roommates and friends should arrange to stay by the person's side until medics arrive.
- The person's position is important. Make sure the person is lying on his/her side, with knees bent. This position will prevent choking should the person vomit.
- If the person vomits, stay with him/her to see that he/she does not swallow or breathe in the vomit. Get immediate help if the person has difficulty expelling the vomit or gags on it.

Rule of thumb: If you are not sure what to do, but you think the person needs help, call 911.

Drug Policy

Campbell University does not tolerate the use or possession of any illegal drugs on campus. Violations are defined in the Student Handbook. Violations are referred to the Office of Student Life and law violations are to be reported to the Harnett County Sheriff's Office.

Alcoholic Beverages and Illegal Drugs

Campbell University is a drug and alcohol-free campus. The discovery of any illegal substance should be reported to Campus Safety. Campbell University policies and procedures, including the enforcement practices of the Harnett County Sheriff's Office, are consistent with local, state, and federal laws regarding the possession, use and or sale of these substances.

Employee Policy Substance Abuse

Substance abuse is detrimental to an individual's health and may jeopardize safety in the workplace. For these and other reasons, the unauthorized use, possession, storage, transport, manufacture, distribution and sale of alcohol, controlled substances, and illegal drugs is prohibited on Campbell University campus. For additional information on the Campbell University employee policy regarding the Substance Abuse Policy, please see the Personnel web page at:

<http://www.campbell.edu/images/gateways/substance-abuse-policy.pdf>

Student Code of Conduct

Failure to abide by Campbell University rules and regulations concerning alcohol and drugs will result in disciplinary action. Campus Safety works closely with Student Life regarding enforcement actions of deputies. All reports of violations of the Student Code of Conduct and/or state laws concerning alcohol or drugs by a student are reported to Student Life by Campus Safety.

The Executive Student Conduct Committee is composed of faculty members, including University Deans. The Vice President for Student Life will chair this committee and be a voting member thereof. This Committee serves as a hearing board for incidents of misconduct involving violations of federal, state, and local law. It may also hear violations of institutional policy and incidents requiring a high degree of confidentiality in order to protect the reputations of the students involved. Conduct Committee may impose sanctions ranging from written reprimand to expulsion. Decisions made by the Executive Student Conduct Committee may be appealed to the Executive Appeals Committee.

Sexual Harassment, Sexual Exploitation, Non-Consensual Sexual Acts, and Sexual Misconduct: Please note Counseling Services and Campus Ministry are campus offices through whom members of the campus community may seek confidential guidance and support. - publish an annual report every year by October 1 that contains campus crime statistics and certain campus security policy statements
- disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus security or local law enforcement or other University officials who have significant responsibility for student and campus activities

Firearms and Weapons Policy

The University will adhere to a policy of no weapons on the campus or other educational property, such as buses and vans.

North Carolina law (GS 14-269.2) prohibits the possession of weapons of any kind on school property, public or private, by any person other than licensed and sworn police officers/deputies. The term “weapon” in this case includes, but is not limited to BB guns, paintball guns, nun chucks, knives, slingshots, bows and arrows, pistols, rifles, shotguns, fireworks, and explosives. Persons found to be in the possession of weapons or explosives on campus or other educational property will be arrested and prosecuted according to NC law.

Some firearms laws in North Carolina have changed regarding possessing a firearm on a campus, specifically at public universities. Possession of a Firearm at Campbell University (a private university) is still illegal under NC Law, GS 14-269.2.

Fire Safety Report

Reporting and Responding to Incidents

If a fire occurs on the Campbell University campus, 911 should be called. The closest responding Fire Department to Campbell University is the Buies Creek Fire Department, which is located at 112 Marshbanks Street Lillington. This is less than one block from the main campus. Campbell University maintains a working relationship with the Buies Creek Fire Department and with Harnett County Emergency Services.

The fire alarms in Campbell buildings are set to ring in the Campbell University Campus Safety Telecommunications Center. The Communications center has direct contact with the Harnett County 911 Center in Lillington. Campbell University Campus Safety also monitors the BCFD channel and informs Security Officers of calls dispatched to the BCFD that may have them respond through campus to get to their destination.

The Fire Marshal's Office also works with Campbell University on events and sets standards to occupancy limits and testing of fire alarm panels. There are specific fire policies in the Convocation Center where Campbell's largest indoor events are held. During events when occupancy is at a predetermined level, Campbell contacts and staffs the event with Fire Department and EMS personnel. The BCFD and Harnett County Emergency Management work closely with Campbell University on outdoor events where large crowds are expected, such as football games.

When a fire alarm is activated and a Campbell University building is being evacuated, occupants should use the stairs to exit. Per policy, all fire alarm activations are responded to by the Buies Creek Fire Department. The elevators in Campbell University buildings are inspected regularly by the North Carolina Department of Labor.

Campbell University publishes this Fire Safety Report as part of its Clery Act Compliance document which contains information with respect to the fire safety practices and standards for Campbell University. This report contains statistics concerning the number of fires, the cause of fires, and the number of injuries, deaths, and value amount of property damaged.

Additional Fire Safety Information

Fire doors in corridors or stairwells are designed to stand up to fire longer than regular doors. It is important that these doors remain closed for them to be effective during the time of an emergency. Campbell University has policies against propping doors not only for security reasons, but for fire safety as well. Within the rules for on-campus residence are also policies against tampering with smoke detectors. Smoke detectors cannot do their job if they are disabled or covered, which is a violation of university policy.

Research shows that nearly 75% of fire alarm activations are abandoned, or improperly disposed of, cigarettes. The following is the Campbell University policy on smoking; *Smoking or use of tobacco products is not permitted in any University owned building. There is to be no smoking or use of any tobacco products within 25 feet of any building entrance, including doors, windows, and air intake systems. There will be no smoking or use of any tobacco products in any University vehicle. Tobacco users will properly dispose of any waste products in the proper manner.*

False fire alarms and other fire safety violations are addressed in the Campbell University Handbook; *Fire Hazards: Including but not limited to:*

1. Possession of or use of halogen lamps, incense, candles, or any other cooking device other than a microwave or a coffee maker is prohibited in the residence halls. (see B.IV: Drop Cords/Surge Protectors). The use or possession of any heating device such as kerosene and electric heaters in the residence halls is prohibited.

1st Violation: Reprimand.

2nd Violation: \$50.00 Fine, Probation.

3rd Violation: Fine will increase an additional \$25.00 for each continued offense. Student may be removed from University Housing.

2. Tampering with and/or removal of university fire alarm and/or safety equipment.

1st Violation: \$100.00 Fine, Probation, Reprimand.

2nd Violation: Removal from University Housing.

3rd Violation: Suspension.

Clery Act Definition of Fire

For the purposes of fire safety reporting, a fire is, “Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.”

Procedures That Students and Employees Should Follow In Case of a Fire

Upon Discovery of a Fire

- Report all fires and smoke to Campus Safety by dialing 1-911 from any campus phone or by calling Harnett County Law Enforcement Center by dialing 911.
- If you feel comfortable doing so, use a fire extinguisher to control or extinguish the fire while emergency personnel are dispatched to your location.

When the Fire Alarm Sounds

- Close all windows and doors (leave the overhead light ON).
- Before opening any door, feel the surface. If it is HOT, do not open it. If it is not hot, brace yourself against the door, open it slightly, and if heat or heavy smoke are present, close the door and stay in your room.
- If you cannot leave the room, open the window, hang a sheet or other light-colored object out of the window to attract the attention of emergency personnel.
- Call 911.
- Remain calm and give your room number and building location. Stuff towels, sheets or similar materials under all doors leading into corridors. Stay close to the floor if smoke enters the room.
- If conditions allow walk directly to the nearest exit and leave the building.
- If you are away from your room when the alarm sounds, do not return to your room, but leave the building via the nearest exit.
- DO NOT use elevators. If hallways and/or exit stairwells are not accessible because of heavy smoke, return to your room and close the door. Open the window, hang a sheet or other light-colored object out of the window to attract the attention of emergency personnel, and then close the window. If there is a phone in the room, call 911 and report that you are trapped.
- Stay close to the floor if smoke enters the room.
- If you have exited the facility, stand clear of the building, emergency responders may be maneuvering around the building.
- Follow the directions of fire and police personnel and never re-enter the building until they give permission to do so.

If you are evacuating from a classroom due to a fire alarm:

- Remember to close windows and doors and turn off the lights
- Make sure everyone is out of the room
- Use a predetermined exit route
- Do not use elevators
- Have a second route established in case the first is blocked by fire
- Go to your evacuation area and do not go back inside the building until authorized

Operating a Fire Extinguisher

- 1) Pull the pin
- 2) Aim the extinguisher at the base of the fire
- 3) Squeeze the lever
- 4) Sweep side to side
