2026-2027 New Student Housing Assignment Process

Greetings, Camels!

Below you will find information regarding applying for housing and the timeline for housing being assigned. We look forward to you joining us on campus in the Fall!

Any questions can be directed to our office at ResidenceLife@campbell.edu, 910-893-1546, or by stopping by the Residence Life Office Monday through Friday, 8:30am to 5:00pm.

Live-On Requirement

Campbell University is a residential campus where undergraduate students are required to live on campus for 6 continuous semesters. Unmarried undergraduate students under the age of 21, who do not live with their parents/guardians, must live on campus.

Exceptions only include students who have an approved [Off-Campus Housing Request Form](#) on file and students who have fulfilled the live-in requirement. For housing purposes, a transfer student is defined as a student that completed high school, enrolled at and attended another institution, and then enrolled at Campbell University. Transfer students will be considered on an individual basis.

Helpful Definitions and Information

Roommate Group: Students who would like to live together may form a roommate group. One student must be the group leader and create a roommate group, then invite their desired roommates to join the group as a member. Students must individually accept their roommate group invitation in the housing portal to become a member of the roommate group.

While we do our best to accommodate roommate requests, we cannot guarantee availability to do so.

New Student: Students who have not attended Campbell University before or any 2-year or 4-year college. Students who have college credits from being dual-enrolled during high school fall into this category.

Transfer Student: For housing purposes, a transfer student is defined as a student that completed high school, enrolled at, and attended, another college or university, and is transferring from that college to Campbell University. If you have only attended college through dual-enrollment while in high school, you are not considered a transfer student.

Current Student: Students currently attending Campbell University as a commuter or residential student during the current semester.

Student-Athletes: Students who are a member of an athletic team managed by the Athletics department. Athletics determines where student-athletes living on campus are assigned.

Residential Learning Communities

Information about the Residential Learning Communities (RLCs) offered [may be found online](#).

Housing Application Access

New students will fall into one of two categories, priority and general, which will dictate when your access to the housing application begins. All students must complete a housing application to be considered for occupancy of Campbell University housing.

Priority Housing Application Access

New students who were admitted to Campbell University by November 15, 2025, **and** paid their [Enrollment Deposit](#) by January 15, 2026, will gain access to the housing application beginning February 17, 2026.

General Housing Application Access

Students who do not meet the requirements for all other new students will gain access to the housing application beginning February 24, 2026.

Transfer Student Housing Options

While transfer students may be assigned housing in one of multiple upper-class buildings, they are first placed in Luby Wood Hall to have proximity to other transfer students. Once the number of available assignments for transfer students in Luby Wood have been exhausted, consideration of assignments in other buildings will begin.
