## Volunteers Needed

A mass casualty incident (MCI) is any incident in which medical services are overwhelmed by the number and severity of casualties. Staging a mock MCI at Campbell gives students invaluable experience in these situations and allows them to apply their knowledge and skills. This year our goal is to incorporate not only more outside organizations but more of Campbell's programs. One way we would like to achieve this is for divinity and social work students to provide grief counseling or mental health care to our first responders and providers. This real-world application would be mutually beneficial for all programs involved. MCI is specifically looking for students to fill Chaplaincy/Pastoral Care roles, but if someone wants to help out in other ways such as playing victims or patients we would certainly have need for other roles. If you are interested in participating, contact Wes Gaylor at [paga@campbell.edu](mailto:paga@campbell.edu) or [wsgaylor0528@email.campbell.edu](mailto:wsgaylor0528@email.campbell.edu). The date of the event is June 23!

## Pic of the Week

Students, faculty, and staff enjoy the final week of classes by listening to the Immediate Guitar Class' mini sing-a-long.

## Dress to Impress

Business casual or professional dress is preferred for all divinity school students.
