

Campbell University School of Nursing Application
The Application is open January 1, 2022 - January 22, 2022

Please read all information carefully and completely **prior to** submitting an application to the BSN program for the 2022 admission cycle.

Students eligible to apply to the Nursing program must:

1. Be a current Campbell undergraduate student: **OR**
Be a fully accepted student to Campbell in the BSGS:Pre-Nursing program with all transfer credits evaluated and on file prior to the BSN application cycle (January 1, 2022).
2. Be on track to have **all** prerequisites completed prior to matriculation to the BSN program for the fall of 2022 with a grade of “C” or higher. All prerequisite courses must be completed by the end of the spring semester for your application to be competitive. Completing prerequisites over the summer will delay your application from being complete and significantly impact your competitiveness for the program.
3. All prerequisites must be transfer equivalent to Campbell’s prerequisite courses. Transfer applicants work with your Campbell UG Admissions counselor to determine transfer course equivalencies.
4. Transfer applicants must meet with the Pre-Professional office advisor for prerequisite review **prior to** submitting a BSN application.
5. Have attended the Fall 2021 CURN2B workshop. For those who did not attend the CURN2B workshop, contact Brenda Blackman blackmanb@campbell.edu for access to the workshop video.

CHRS 125 and CUC 200 are Campbell specific courses that may be completed concurrently with BSN courses for transfer applicants only. Additional tuition may apply.

The minimum Prerequisite GPA is 2.8; the minimum Science GPA is 2.75 to be eligible for admission to the BSN program. Being minimally qualified, does not guarantee acceptance into the competitive BSN program at Campbell University.

If you have any questions about your eligibility for the BSN program or application process you can contact the Pre-Professional advising office at (910) 814-4711 or nurse@campbell.edu.
