# Requirements for Acquiring the ATFA

There are several routes to acquiring the Accredited Trust Fiduciary Advisor (ATFA)

FIDUCIARIES AT THE OFFICER LEVEL with ten or more years of experience in the financial services industry, with at least five of those years being in trust account administration:

- OR
2. Having graduated from Campbell's undergraduate or graduate Trust and Wealth Management Degree Program

are eligible to apply to be "grandfathered" and acquire the ATFA Certification without sitting for the ATFA examination. The work experience referenced above must be certified to by the applicant's current manager. The ATFA application for those requesting "grandfathered" status is available online and (during TAF) at the conference registration desk.

FIDUCIARIES NOT MEETING THE WORK EXPERIENCE REQUIREMENT TO "GRANDFATHER" must successfully complete:

1. Trust Advisors Institute – Fiduciary Fundamentals
2. Trust Advisors Institute – Advanced Practices, and
3. The ATFA Examination

GRADUATES OF EITHER CAMPBELL'S UNDERGRADUATE OR GRADUATE TRUST AND WEALTH MANAGEMENT DEGREE PROGRAMS are

immediately eligible to sit for the ATFA Examination upon graduation and will be granted the ATFA certification once they have completed three or more years of experience in the financial services industry, with at least two of those years being in trust account administration. The work experience referenced above must be certified by the applicant's current manager.

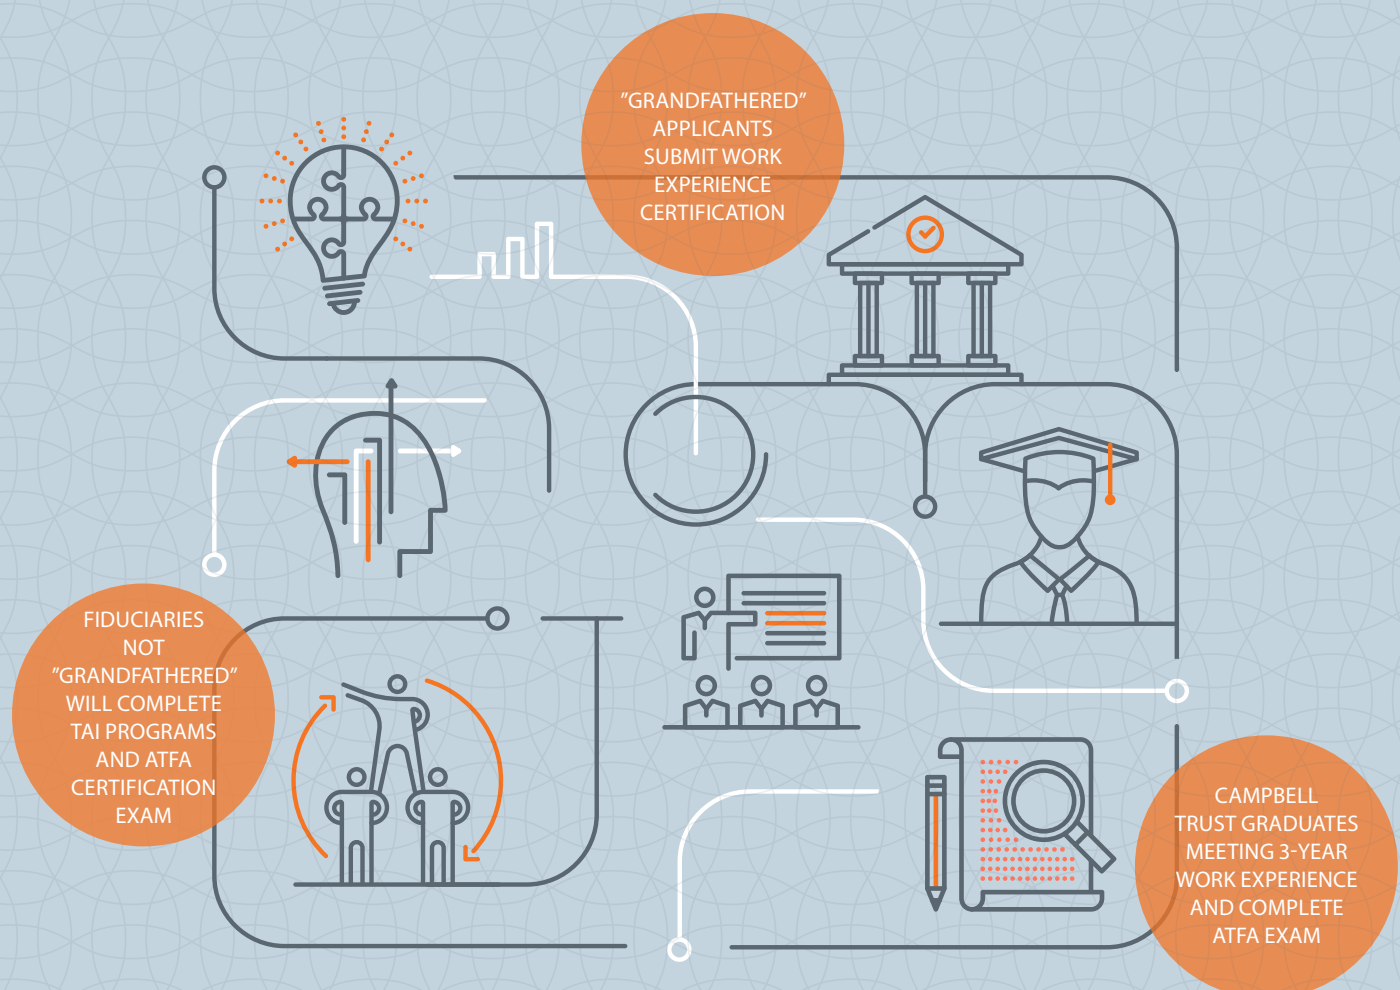

## How to Apply and Begin the Process

All interested applicants are encouraged to apply and pay online at [www.trustededucationfoundation.com](http://www.trustededucationfoundation.com).

Individuals requesting to be “grandfathered” should submit their manager’s certification that they meet the work experience described above. Applicants requesting “grandfathered” status will be granted ATFA Certification upon committee approval and will be notified as to their renewal/CE rotation.

Applicants who are not eligible to “grandfather” should consider enrolling in the Trust Advisors Institute to be held on the Campbell campus in June. The Fiduciary Fundamentals and Advanced programs are offered back-to-back with the ATFA Examinations begin administered the last day, requiring applicants to only miss one week in their offices. After successful completion of the Fiduciary Fundamentals Program, the Advanced Program and the ATFA Certification Examination, applicants will be granted the ATFA Certification. They will then be notified as to their renewal/CE rotation.

Graduates of Campbell’s Trust and Wealth Management degree programs who are not eligible to “grandfather” will be granted the ATFA certification upon successfully completing the ATFA Examination and their having met the three year work experience requirement detailed at left. They will then be notified as to their renewal/CE rotation.

## Ongoing Continuing Education Requirements

Holders of the ATFA Certification must complete forty-five hours of approved CE (for calculation purposes one hour equals sixty minutes) every three years in order to maintain their certification. The required core disciplines for CE credit are as follows:

- ▶ FIDUCIARY AND TRUST ACTIVITIES
- ▶ FINANCIAL PLANNING
- ▶ TAX LAW AND PLANNING
- ▶ INVESTMENT MANAGEMENT

Attending the Trust Advisors Forum at Pinehurst every year will meet all ATFA CE requirements. The holder of the ATFA does not even need to submit the ATFA CE Form so long as they provide their ATFA Certification Number upon registration for the Trust Advisors Forum each year.

For CE programs attended OTHER THAN the Trust Advisors Forum, proof of attendance and any documentation may be submitted as attended or as a single submission to Campbell University (along with the ATFA CE Form) within the three-year period.

Failure to meet the ATFA CE requirements will result in loss of the certification and the need to resubmit as well to pay an additional application fee and any annual renewal fees for the lapsed period in order to be recertified for ATFA purposes.
