Students will document their mastery of Education core requirements and area of concentration (discipline area) competencies by completing an electronic portfolio. The electronic portfolio items are to be uploaded into your individual binders/folders.

1. **Education "Core" artifact/evidence requirement** for upload into TK 20: EDUC 620 Literature Review
2. **Discipline/Concentration Courses:** Two additional artifacts from two separate discipline/concentration courses will be chosen for upload into TK 20. The artifact can come from the following options that show content mastery in your concentration: paper, major project, or other key assignment. Each artifact must have received a grade of A or B on the assignment and must contain the rubric.
